06/08/21

This Trading Floor Research report contains:

- New Concept Energy Inc. (GBR). Today's confirmed buy in the Oil & Gas US Exploration industry group.

- Today's confirmed buy: **New Concept Energy Inc. (GBR)**
- Industry Group: Oil & Gas US Exploration. The group currently ranks as the 2nd strongest industry group in the market out of 197 and is up 88.97% YTD. The industry group is very strong! Since the group gave a fresh buy signal and broke out last week, it has not retraced to the 10-day moving average. This is very rare and demonstrates the kind of strength oil stocks have in this market.
- Some of you that took my class in January might remember GBR. I bought this stock in January and told the people who attended my class. A couple of days after I recommended GBR to the class, it moved higher by 1300% in one day. This stock can move quickly. That is why I gave this to you today before I wrote the report. This also is a good reason you should try to make it to my next class in August. I will give exclusive golden nuggets like this to people who attend my class.
- GBR closed at a 20-day high on massive volume last Monday June 1, 2021. This is the first 20-day closing high since GBR made its big move in January.
- GBR broke the 30-minute trendline and gave a 30-minute buy signal this morning. GBR is back on the launch pad. That is why I told you about it today. It could move at any time.
- Initiated position today at 1-star(*) due to whippy action in this stock.
- If you are a little more aggressive and you can handle volatility, you can increase position to 3-stars(***) tomorrow.
- Under institutional accumulation with an Up/Down Volume ratio of 1.9.
- GBR closed at **5.22**.
- GBR VWAP is at 4.96.
- Sell target prices: **1st target is 9.03; 2nd target is 14.25; 3rd target is 22.71**
- Stop sell price: **Close** below **4.94**.

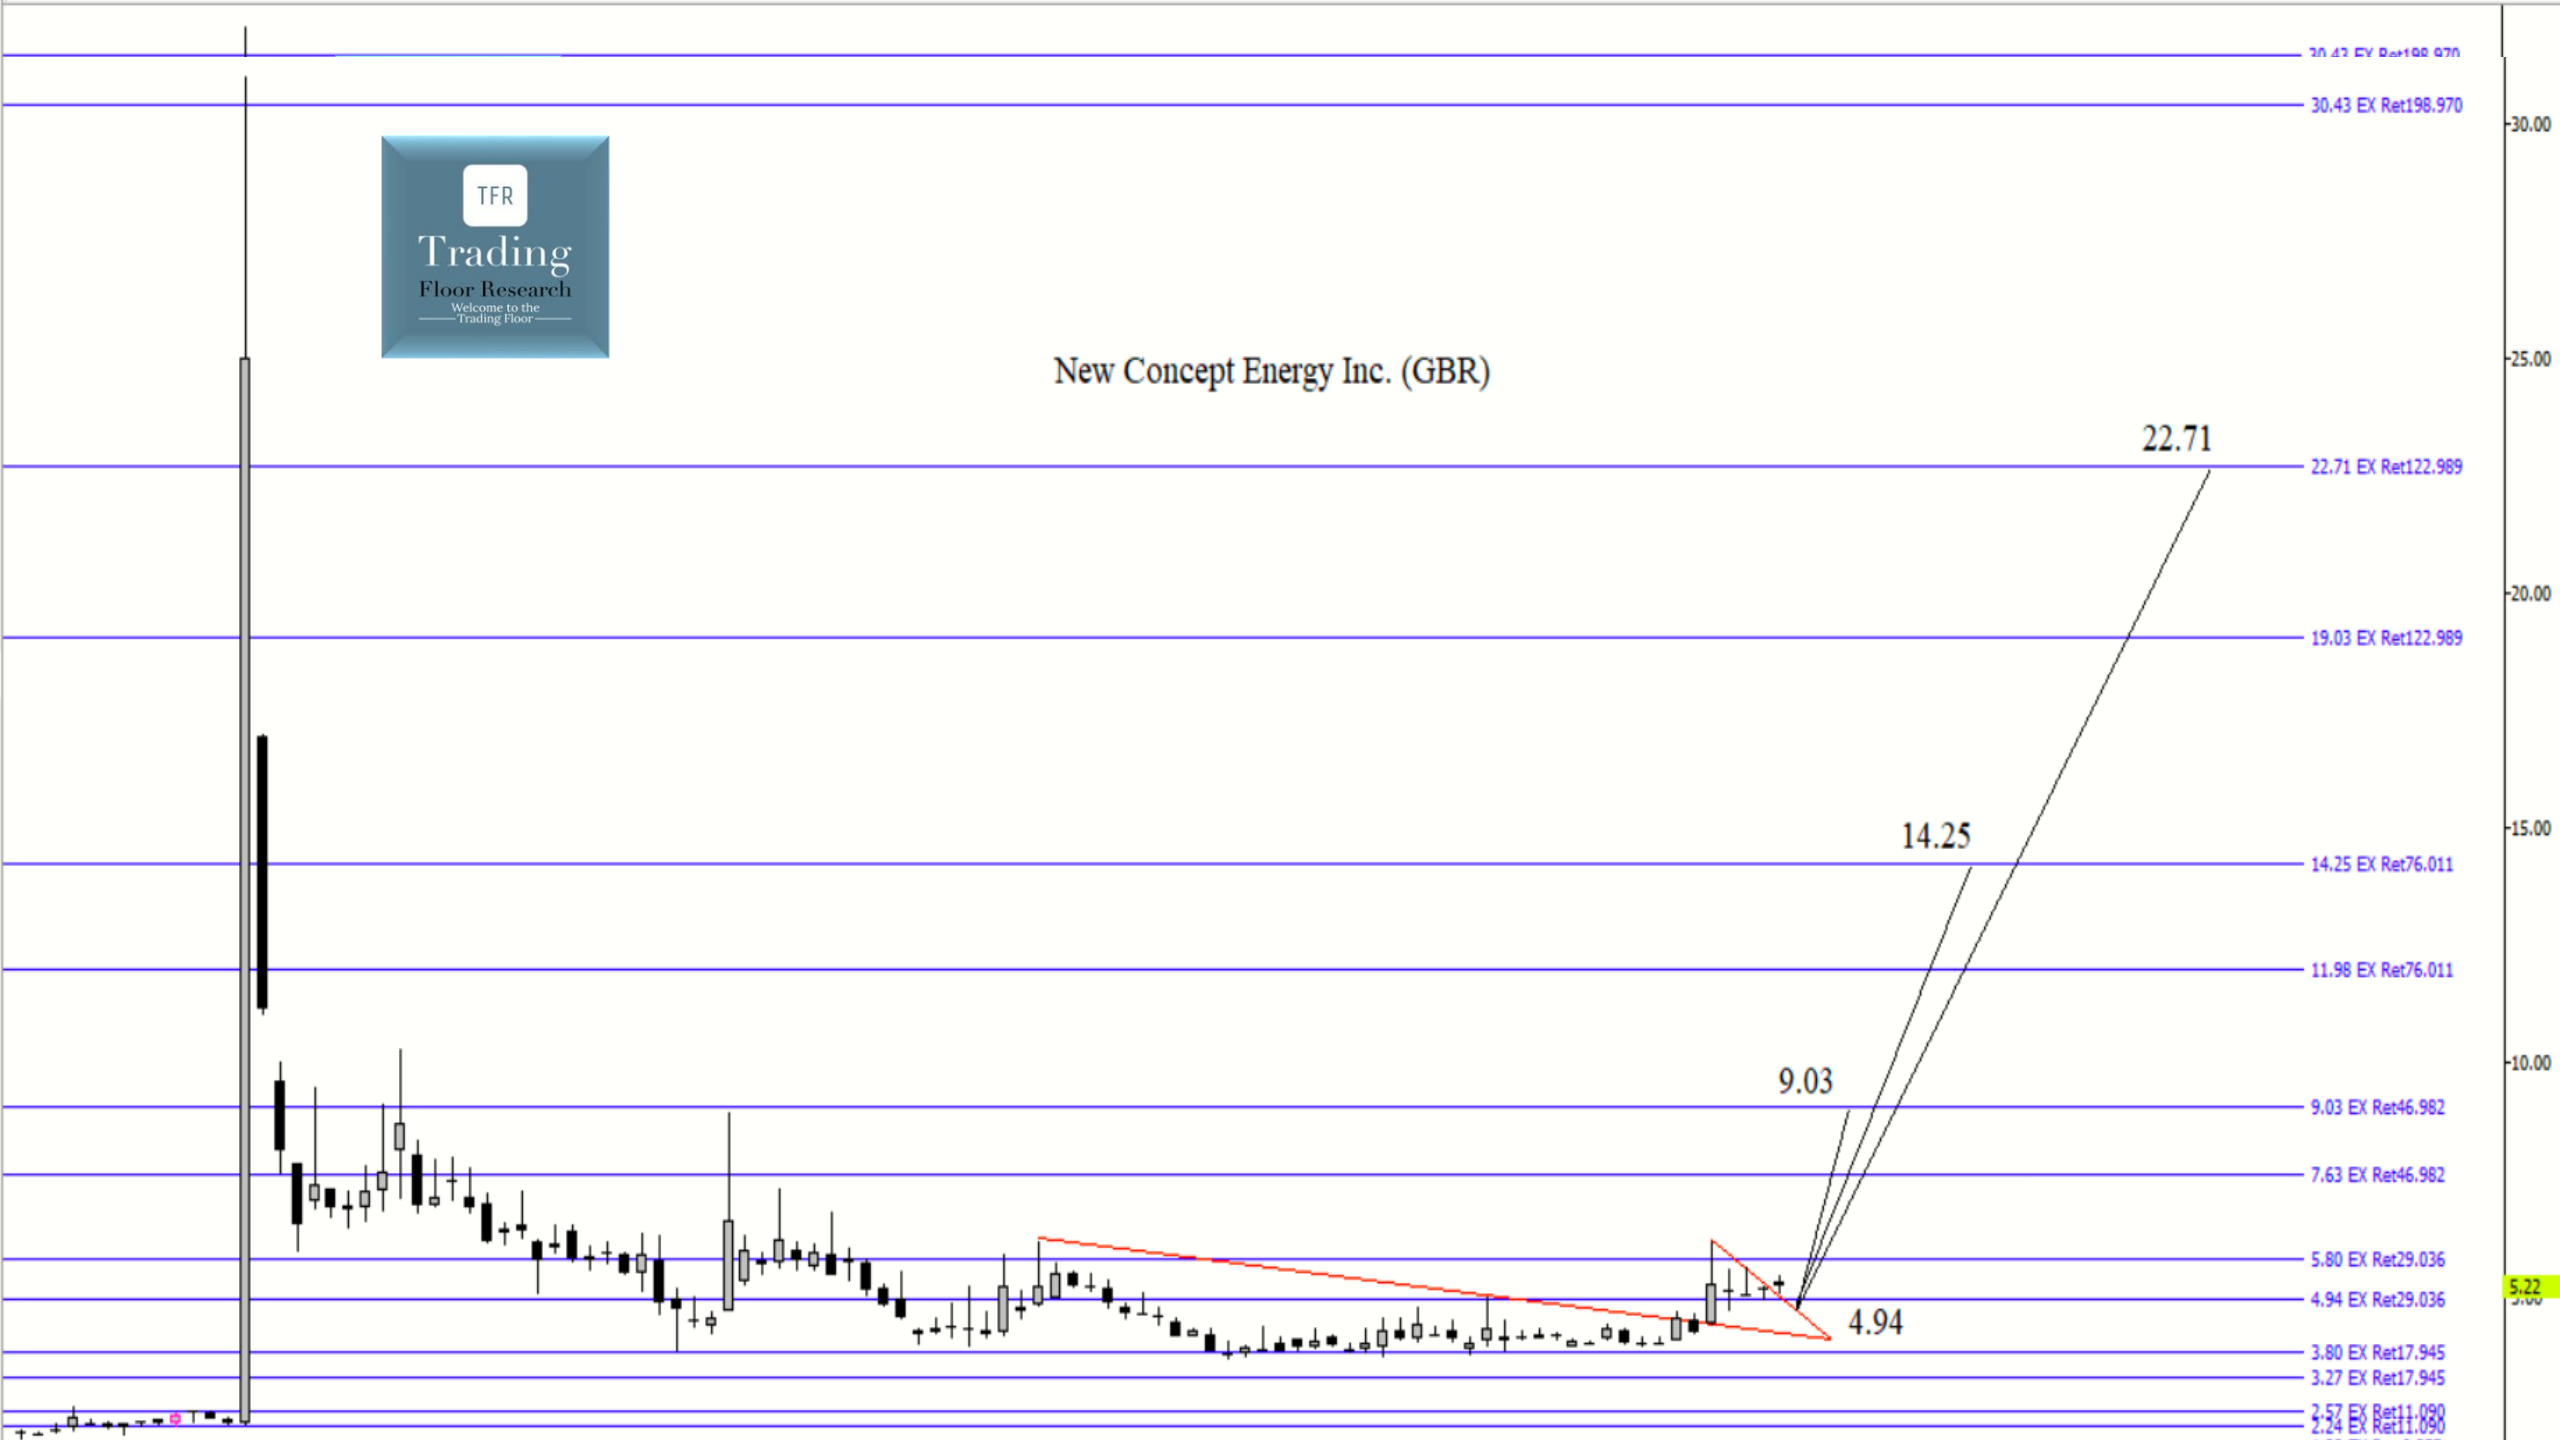

Oil & Gas US Exploration & Production

New Concept Energy Inc. (GBR)
